Key areas of expertise

Asdrig has over 15 years' experience in the field of structured products, including emerging markets. She advises investment banks, asset managers and corporates on their structured finance and derivative transactions in France and abroad. She spent 5 years in a financial institution (strategic equity group) heading the legal structuring team both for European and emerging markets. Asdrig is qualified both as an *Avocat à la Cour* and as an English solicitor.

Experience includes:

- Advising in respect of stand alone Euro PP transactions and in respect of the setting up of a Euro PP programme with a Luxembourg issuing vehicle.
- Advising investment banks and asset managers in respect of structured debt security transactions; these include for example:
 - Acting in respect of various equity linked notes issued by financial institutions (single stock, basket, index) or equity linked notes (single stock) issued by corporates;
 - Acting in respect of various structured notes, such as credit linked notes and fund linked notes;
 - Acting in respect of issues of structured *titres de créance négociables*.
- Advising investment banks, asset managers and corporates in respect of structured derivatives transactions; these include for example:
 - various equity swap transactions and collar transactions, structured equity forward sale transactions; transactions involving a temporary monetisation of equity stake;
 - credit derivative transactions;
 - commodity derivative transactions;
 - fund linked swaps and gap risk transactions.
- Acting in respect of various forms of repurchase transactions (such as equity financing transactions or bond repo transactions).
